TRANSCRIPT

Conclusion

So we've made it to the end of our five by five cowl workshop. I hope that you've seen that even with the very simple structure of an infinity cowl, we've been able to learn ways of combining colours and textures and also finishing techniques that will make your project look expertly finished. The possibilities are really endless with this project. I can't wait to see what colours and textures you combine to create your own five by five cowl. You can post your creations on our community forums or Instagram with our hashtag schoolofsweetgeorgia and we would love to see what you make. As always, if you have any questions or comments about anything that I've talked about in this workshop, please feel free to drop me a note in the community forums. And you can tag me there as well. You just type @felicialowong, and I will get the notification that you posted a message. Thank you so much for watching and happy knitting.
